

# PECATONICA BUSINESS SHOWCASE

ANPEC  
INDUSTRIES

## In Business since 1968.

In 1968 Anpec began as a general machine shop using manual lathes and mills in a 5,000 square foot facility.

Anpec's strong commitment to their customers and dedication to quality over the years, has allowed Anpec to expand to a 26,000 square foot, fully air conditioned facility with 26 pieces of Mazak CNC equipment, including multiple axis lathes, and vertical and horizontal multi-pallet machining centers.

Visit their website to see everything they have to offer.

# Getting To Know You

## Q & A time

**1. When did you start your business?**

1968

**2. Why did your family choose Pecatonica to open a store?**

Bob Anderson started this machine shop in the 1960's then three brothers in law bought it in 1968 and owned it until the 1990's. Once they decided to retire the first in 1993 is when Doug Allen came into the business and then Brad Wagner in 1994. Our goal was to own our own business, we were thrilled it was in Pecatonica. This couldn't have been a better place for us to invest in our future.

**3. How many people do you employ?**

43 total employees

**4. Can you describe your business?**

We are a Production Contract CNC machining company. We receive a print or file from a customer with the specifications and our job is to design fixturing to hold the parts when necessary and mass produce the parts to customer specifications. We machine from one piece to millions of pieces depending on the longevity of the program we are in.

**5. Name three ways you stand out from other business in the area.**

We have an excellent quality program that is the life blood of our company. We have very good communication with our customers. No matter what size company you are to us our goal is to make you feel like you are our only customer. We are here for one reason and that's to provide for our families. No matter what job you have within our company we all are here to work as a team and make sure we get the job done on time with good quality at a fair price.

**6. What are a few things you believe has contributed to your success?**

Understanding what our job really is, being a production machining company it's all about getting the product turned around as fast as you can with great quality to back that up. Being honest with our customers, if we tell them something we will do whatever it takes to make sure it happens and keeping in contact with them to let them know where we are at in the process. By doing this they can plan accordingly.

**7. Where do you see your business in the years to come?**

Technology is changing every day, keeping up with the latest equipment and processes to move forward as technology changes along the way. Investing in new business to allow us to grow in areas we haven't been in before.

**8. What has been your most satisfying moment in business?**

When we were recognized as 2016 Business of the Year through the Rockford Chamber of Commerce was very special to all of us.

**9. What is your contact information, and hours of business?**

Co-Owners Doug Allen and Brad Wagner. Anpec Industries Inc. 216 main Street Pecatonica IL. 61063. Our hours are Monday-Friday 6am- 4:30pm. We have a night shift that operates Monday-Thursday from 4:30pm-5:00am the next morning. Our email is [dallen@anpecindustries.com](mailto:dallen@anpecindustries.com) and [bwagner@anpecindustries.com](mailto:bwagner@anpecindustries.com).

**10. Can you give a Fun Fact about your business?**

The parts we make right here in Pecatonica you will see anywhere in the world whether it's on a UTV, motorcycle, heavy equipment, on a plane or in an ambulance. It's a great feeling to be anywhere in the world and see your products that were made right here in Pecatonica.

**11. Is there any advice you would give others looking to open a business in Pecatonica?**

Pecatonica has been a great home for us to invest in and grow our company for many years and in return we try to be good neighbors to those around us. There is a lot of good talent right in this area so do what you can to attract good people right here from our community. We are proud to be able to provide good jobs to many residents in our community for many years.
